HOW BOOKING WORKS

Four steps, no guesswork.

01 — Call or send photos
Describe the problem or snap a picture of it, plus the model sticker if it's an appliance.

02 — Get a price by text
A flat quote or a starting price with a cap, usually the same business day.

03 — Pick a 2-hour window
Morning, midday or afternoon. We text when we're about 20 minutes away.

04 — Pay when it works
Card or check once you've seen it fixed. No deposit on jobs under $500.
